

Integrative Practitioner – New Product Feature:

HealthConnexin Inc.

MultiConnexin™

Part of The Molecular Fitness nutrition and wellness program, MultiConnexin™ is an exclusive and complete multi-vitamin with 98 vitamins, trace minerals, omega 3's, gamma linolenic acid (GLA), antioxidants, phytonutrients, polyphenols and connexin enhancers in only 5 easy-to-take capsules. Scientifically formulated to enhance connexin molecule function (cellular communication) and promote optimal health, MultiConnexin™ contains everything in the typical multivitamin PLUS:

- A complete compliment of trace minerals.
- Essential fish oils (EPA, DHA) and borage oil (GLA)
- Connexin enhancing nutrients (resveratrol, genistein, quercetin, curcumin)
- Vitamin A as natural beta-carotene and mixed carotinoids
- Conveniently packaged in daily packets containing 5 easy-to-take pills (2 soft gels and 3 capsules)
- Obtaining these nutrients elsewhere can mean taking up to 30 different capsules daily
- Does NOT contain wheat, soy, yeast, artificial colors, flavors or preservatives
